 The number of new cases in Brooklyn to-day is the lowest reported since July 3, when 20 were recorded.
 On Monday 95 new cases were reported. Previous to that day the lowest number recorded was 89 on July 24. One week ago to-day 183 new cases were reported. Since then the drop has been gradual, indicating that the epidemic is subsiding.
 The highest number of cases in one day since the disease became epidemic in New York was 217 on Aug. 3. The record for deaths in one day is fifty-seven on Aug. 9. According to Dr. John S. Billings, Deputy Commissioner of Health, in charge of Brooklyn, cool weather is responsible for the encouraging drop in the number of deaths and new cases.

Ten persons volunteered at Willard Parker Hospital to-day to give up their blood for the new serum which is being tried with excellent results on infantile paralysis sufferers. Of that number only one had suffered from the disease. Twelve ounces of blood were taken from one of these and eight from the other. The remaining eight volunteers were rejected.

LABOR LAW WAIVED TO ADMIT NURSES COMING FROM CANADA

The United States Government, it was learned to-day, has overridden the Alien Labor Law in order that a delegation of nurses may come here from Canada and aid in the infantile paralysis fight.

The nurses, who were obtained in Canada through the efforts of Deputy Health Commissioner Billings, left Ottawa Friday evening, United States Immigration inspectors compelled them to leave their train during a rainstorm in Vermont and then sent them to Montreal.

When Health Commissioner Emerson learned of this action he telegraphed to officials at Washington asking that the nurses be brought here, despite the Alien Labor Law. The Commissioner received a telegram from Secretary of the Treasury McAdoo to-day stating that the restrictions against the nurses have been lifted.

The human quality that makes these plantation airs so charming is one of the most delightful things about Columbia Records. And you'll find it not only in vocal records, but in instrumental records by great concert-artists, and in trios and other ensemble records.
